

How to Kill Bugs on Your Flowers

Roses and other flowers find a destructive foe at this time of the year in a small green bug, called Aphis. It attacks buds, leaves and stems. Spray with Black Leaf 40 to prevent damage and loss of vitality and beauty. Black Leaf 40 kills these bugs. Helps you to

Grow Beautiful Roses

Will not injure or discolor the plants or flowers. A small quantity makes a large amount of spraying solution. Cost is small. Recommended by Agricultural Colleges and Experiment Stations. Manufactured by The Kentucky Tobacco Product Co., Incorporated, Louisville, Kentucky.

Aphis also attacks other flowers, plants, fruit trees and garden vegetables. One aphid killed now prevents thousands later on.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.
